www.foundit.co.nz - Your Reliable Source For Finding Any Part

Issue 12 - December 2012

Seasons Greetings! Welcome to the Christmas edition of the Foundit newsletter. Our last edition was well received and generated a lot of interest from our customer base, so we thought we'd get in another newsletter prior to the festive season!

Whilst things may slow down a little at this time of year, they don't come to a complete halt. We'll certainly be online throughout so inquiries and stock updates will continue to be handled in the usual manner.

It was good to get to the Canterbury A & P Show last month. It was a great opportunity to catch up with existing Foundit customers (and put some faces to names!) as well as spread the word about Foundit.

New Developments

The team at Foundit are currently redeveloping the site, which will coincide with our 10 year anniversary. Whilst you can expect to see some changes to the look and some new features, rest assured the functionality of the site will remain as is. So, watch this space! We will focus on some of the site's new features in the next edition of the newsletter. Meantime, any suggestions for changes/additions to Foundit from our customer base are always welcome too.

Changes to the Wanted List

Use of the wanted list continues to grow. In the past month we have seen users utilise the upload photograph facility, which is especially helpful when you don't have a part number. Remember that the wanted list is also a place for dealers to place requests. Furthermore, due to customer feedback we are also in the process of enabling users to add to the wanted list from within the logged in pages (rather than only from the home page).

New Businesses on Foundit

Every month we have a number of businesses take up a trial of Foundit to see how it can work for them. Foundit provides a free trial for this purpose. To get the most from the trial, we also recommend that you load your stock onto foundit. Our team at Foundit can guide you through the process of uploading stock to the site.

We have also recently published a leaflet outlining the benefits of Foundit, which will be available for download from our website. Keen to trial Foundit? Give Belinda a call on 0800 368 6348 or sign up on www.foundit.co.nz via the 'Join' tab.

2013 – Celebrating 10 Years

Thank you for your support of Foundit, we appreciate it. As we enter our 10th year of operation we look forward to being of continued service, as well as building upon our successes in 2013.
