

Foundit is still growing fast with over 3,246,000 parts stocked for sale. Beginning in August, Power Farming stock becomes accessible on Foundit.

We include some business profiles from firms using Foundit:

ASHBURTON

Agrifarm Machinery was established in 1991 when the founders, Greg and Glenys Carr, became frustrated by the lengthy delays they were facing in getting their own agricultural contracting machinery fixed after breakdowns.

With valuable farmer product on their hands, it was essential that equipment was fixed quickly. Greg first established a country garage at Mayfield in 1989, servicing agricultural machinery for local farmers and contractors.

In 1991, he opened Agrifarm Machinery in the central business district of Ashburton, on Moore Street. In 1993 the business relocated to its present world-class facility on State Highway One in Tinwald, Ashburton. In 2000 Agrifarm Machinery opened an additional branch in Christchurch, this business is steadily growing and proving to be successful.

Today Agrifarm, whose strength predominately lies in tractors and balers, is a thriving farm machinery entity that sells, services and supplies parts for a range of franchised brands including Fendt Tractors, Massey Ferguson Tractors and Balers, Freeman Balers, Kuhn Hay equipments and most recently, GoldAcres Spray equipment.

Agrifarm has been on Foundit for 5 months and say they have enjoyed increased sales exposure.

HAMILTON

We are an international parts sourcing and distribution centre of new and used tractor parts for Agricultural wheel tractors.

Located in Hamilton, New Zealand, we have built a new large parts warehouse to hold some of our vast stock of new old stock items (Iseki, Massey Ferguson, Ford, International & David Brown). We also carry on the shelf rebuilt Starter Motors, Steering boxes, Axle Shafts and 4WD parts. We manufacture over 60 different manifolds and custom make wheels & centres on request.

We have access to a large number of manuals for wheel tractors, crawlers and loaders.

Serviced daily by major freight and courier companies, our parts have been sent around the South Pacific and USA.

We have a highly skilled, friendly team of staff available to help you with your parts needs. We are open Monday to Friday 8am – 5pm and on the weekends by arrangement.

Ruakura Motors stock has been available on Foundit since March this year.

HAMILTON and CHRISTCHURCH

Bare-Co are the largest supplier of Pattern Agriculture Spare Parts in the Southern Hemisphere. Only products from the highest quality factories carry the Bare-Co logo. Most key items such as clutches are from LUK, Water Pumps from O.M.P, Hydraulic Pumps from Saurer Sundstrand. All are original equipment suppliers.

ALL BARE-CO PRODUCTS CARRY A 12 MONTH GUARANTEE

And now we are here with our stock on Foundit. All orders can be sent overnight from our two fully-stocked warehouses.

INVERCARGILL, DUNEDIN and CHRISTCHURCH

Commercial Vehicle Centre Ltd was established in 1985 when the Southland trucking company DT King & Co Ltd bought out the business of H E Melhop Ltd.

There were two branches, one in Invercargill and one in Dunedin, closely followed by a further branch in Christchurch.

Commercial Vehicle Centre Ltd are the Nissan Diesel franchise holder for the South Island so between the 3 branches, we have a large parts stock holding.

As well as Nissan Diesel, Commercial Vehicle Centre Ltd are parts and service agents for Iveco Trucks, International, M.A.N and Westernstar.

Since joining "Foundit", it has helped us find those hard to get parts as well as sell some of the parts that have been here too long.
