

Introducing Foundit Shopping Cart...

Shopping Cart now offers Foundit users the ability to order multiple items from a single supplier. Shopping Cart provides a fast, user friendly way for Foundit users to order off suppliers, and you can also use it to do your daily or regular ordering. Just key in your first part number and select supplier, click on the 'add to cart' icon and you're away!

Ordering from more than one supplier? Not a problem, as Foundit offers you the facility to set up multiple supplier carts. Simply click on the 'List All Carts' icon to view/move around the various supplier carts.

Finally, a big thanks from the team at Foundit to those customers who assisted us with the testing/development of shopping cart, much appreciated. Expect to see further enhancements with shopping cart in the coming days/weeks.... We are only just beginning!
